

## CITY NOTES, Etc.

### Even More Information!

You respond, we listen. Results of the recent community survey showed that 76.3% of our residents said they receive most of their information about the City from the *City Notes Newsletter*. And while the newsletter is published quarterly now instead of bi-annually, and we try to put as much information in there as possible - we still miss some important timely information. So, occasionally, we will be sending out an "extra" smaller newsletter to update you on happenings in the City, important future dates, etc.

We hope you find this *City Notes, Etc.* publication beneficial. As always, you can find information about the City any time on the City's website at [www.ci.springboro.oh.us](http://www.ci.springboro.oh.us). While there, sign up for our E-Newsletters for even more information about what is going on in Springboro.

### New Utility Billing

In October, residents will see improved billing for water, sewer & refuse. The new bills will be a full page statement with return envelope to replace billing postcards. The new statements will contain usage graphs and expanded usage information. You will also have the option to receive your utility bill via email. Sign up information will appear on the new statements.

Online utility account access will also be available via the City's website.
