

Leaf Collection Starts Soon

The Service Department is gearing up for our annual leaf pickup service. Early pickup will be offered Oct. 8, 9, 10 or 11—depending on your area. To keep leaf collection on schedule and help keep costs down, please follow these guidelines:

- **Rake your leaves to the curb or tree lawn**, not into the street where they will block traffic.
- **Place your leaves at the curb at least two days before crews are scheduled to arrive.** Depending on Mother Nature, equipment issues and volume of leaves, crews may run up to two days early or two days late.
- **Do not rake anything except leaves to the curb for collection.** Branches, sticks and other waste clog the machinery and can potentially damage the leaf vacuum.
- **Do not bag your leaves for collection.** Leaves must be at the curb for ease of pick up by leaf vacuums. Bagged leaves will be left for Rumpke to pick up as part of their yard waste collection.
- Do not park vehicles within 20 feet of leaf piles. **Leaves must be accessible** to the trucks and the leaf vacuum. If leaves are not accessible, they will be bypassed – we do not want to risk damaging the leaf vacuum or your vehicles.

Leaf collection schedule updates are available at ci.springboro.oh.us or call 937-748-0020 for more information.
See the collection map on page 5.

From Mayor John Agenbroad

It was quite a summer in Springboro! We welcomed thousands of guests over the past four months to our concerts, parks and special events at North Park and Wright Station! Springboro is setting the standard for outstanding events and family entertainment and it wouldn't happen without the efforts of our Police, Fire and City staffs and community volunteers. Thank you to everyone who enjoyed a show or volunteered to make the concerts happen.

We will be focusing our attention over the next few months on the City's annual budget and capital program. City Council and staff will review budgetary and capital needs for the next five years including improvements to essential public infrastructure, parks and recreation projects as well as equipment needed for operations and services. Official action will be taken on the 2025 budget and capital improvement program in November.

Your city is committed to remaining fiscally responsible and transparent to our residents. Please email askus@cityofspringboro.com or call 937-748-4343 with any questions.

Warren County Tax Valuations to Increase in 2025

The Warren County Auditor's Office will be mailing notifications to all homeowners indicating new valuations, which will increase your property tax. **Warren County Auditor Matt Nolan provided responses to these Frequently Asked Questions about the valuation process.** He also explained how valuations work on the City's video program, "Here & There", which is available by scanning the QR code.

Scan here for the auditor's interview

Why do valuations happen?

Every three years, Ohio law requires the County Auditor to reassess the properties in the County to bring them in line with market values. The process is the same whether values are going up (most of the time) or down (2009). It is important to note that the Auditor's Office is only re-evaluating the VALUES of properties.

Who or what is responsible for this increase?

We all are responsible. We all vote (or don't) for levies. We all have bought or sold properties. We all have worked to increase our property values in this community.

Now that being said, the property tax structure that we have is the result of the Ohio Legislature.

It was decided long ago by the Ohio Legislature that property tax in Ohio would be the main source to pay for public schools. As a result, 70 to 80% of your property tax dollars go to your local school district.

In addition, there has been a concerted effort by our Legislature to lower

State income and business taxes. In doing so, they shift the burden to local property taxes to cover the costs of necessary expenses such as schools, fire, police and roads. This process benefits a wealthy county, like Warren. It benefits businesses and individuals with high incomes. But it is detrimental to senior citizens and people on fixed incomes.

How much will my property taxes increase?

On average, people in Springboro will see a \$250 increase per \$100,000 in property value. That will vary from property to property, but if you budget for \$250 per \$100,000 of value, you should be close. **However, even with this increase, the City of Springboro will continue to have the lowest municipal property taxes in Warren County and the 3rd lowest in the state of Ohio.**

How will the increase affect people with escrows?

Your bank is not currently collecting this additional money. I recommend that people set money aside so that it is available when you are notified that your bank needs to collect the difference of what it has been collecting and what is now owed. The alternative is to ask your bank to take additional funds each month. Some banks will allow this, but I always like to see the money in your account rather than in the banks.

How can I appeal the new valuation?

You can schedule an appointment with a County Appraiser to review your property. If you still are not satisfied with the value, you have the right to file a complaint with the Board of Revision. For more information visit wcauditor.org.

Springboro Property Tax Rate is Lowest in Region

Our municipal property tax rate—at 1.11 mills—is the lowest in the region and the third lowest in the state. Your Springboro municipal government receives just over two cents from every property tax dollar collected to support City operations.

The City of Springboro and Springboro City Schools are two separate entities, each with its own independent elected officials and budgets. The Springboro City School District is funded primarily with property taxes while the City of Springboro is funded primarily with income taxes.

Legislative Update

Your City Council meets monthly at 7 p.m. on the first and third Thursday in Council Chambers to pass legislation and authorize budgeted expenditures related to the management and operation of our City, and the health, safety and welfare of our citizens. Here are just a few agenda items recently approved by City Council.

- **The Annual Tax Budget:** A projection of revenues and expenditures for the following year required to be filed annually with the Warren County Auditor's Office in order to receive the City's share of Local Government Funds and property tax revenue. **Springboro's estimated share of Local Government Funds for 2025 is approximately \$290,000 and revenue from property tax will be approximately \$940,000.**
- An ordinance replacing sections 1042.29 (Backflow Prevention Devices) and 1042.30 (New Homes To Install Backflow Prevention Device) of the City's code with new section 1042.29 (Backflow Prevention). **The newly adopted section 1042.29 updates local ordinances to meet current EPA regulations.**
- **A resolution extending the temporary moratorium on the acceptance, consideration and/or granting of any zoning,**

occupancy, or other permits or applications relating to vape stores within the City. City Council previously passed legislation on September 7, 2023 authorizing a 270-day moratorium on vape stores. Local regulations are still under review including issues related to the trade dress, signage and lighting associated with most vape stores. This resolution extends the current moratorium to December 6, 2024.

- A contract with Eagle Bridge Co. for the construction of the **"Hazel Woods Park Multi-Use Connector Trail," a new 145-foot, single-span, weathering steel truss bridge and multi-use trail to connect Hazel Woods Park and Clearcreek Park.** Total cost is approximately \$845,000.00 with approximately half of the project funded by state capital grants.
- A resolution authorizing the City Manager to negotiate and execute an agreement to purchase certain property located at 605 North Main Street. The City was approached by the representatives of the owners of the **Easton Farm to purchase 60 acres of the property** between the existing homestead and the portion of the property that is proposed to be developed as commercial and multi-family. The purchase price for the 60 acres is \$7 million or \$116,666.67 per acre.

Wright Station Adding Breakfast Club

The new building under construction at Wright Station will include **The Breakfast Club Café & Coffee Roastery** at the corner of Main Street and Central Avenue. The restaurant will occupy half of the 8,000 sq. ft. building and include an outdoor patio with covering. This is the sixth building to join Wright Station, a development partnership of Synergy and the City of Springboro. The eatery, owned by Cameron Whipp, is well-established in Lebanon, and ready to grow to this new location. "We're bursting with excitement to serve the Springboro community with fresh, homemade breakfast and lunch, complemented by delicious drinks and freshly roasted coffee," says Whipp. Look for a late spring opening.

North End Sees Business Growth

InnoMark Communications has recently expanded its footprint in Springboro. The visual marketing company on S. Tech Boulevard added more than 96,000 sq. ft. and 15 jobs. Offering design as well as in-house printing, manufacturing and fulfillment capabilities, InnoMark products include digital signage, displays and décor.

Just south of InnoMark is Springboro's Ascent, the business development on St. Rt. 741 near the Austin Road/I-75 interchange, where **Caesar Creek Software** is expanding its base with a \$9 million investment in a second building. The new building will be the fourth in this thriving area, joining **Mayfield Brain & Spine**, which recently held its grand opening. **Dayton Children's** also has a significant presence in this area.

New Memorial to be Built at Gardner Park

As we continue to honor the courage and sacrifice of those who have served our nation, the City of Springboro is proud to announce the development of the **Vietnam Veterans Remembrance Memorial** at Gardner Park, 181 Village Park Blvd. This memorial will stand as a testament to the bravery, service and sacrifice of our Vietnam veterans, ensuring that their legacy endures for future generations.

This endeavor aims not only to commemorate the valiant efforts of our veterans but also to educate the community about the significance of the Vietnam War and tell the story of the plight and sacrifice of the citizens of Vietnam from their perspective. The memorial will offer a place for reflection, remembrance and education, fostering a deeper appreciation and respect for our veterans.

Springboro resident and business owner Daklak Do, the visionary behind this new memorial, has a powerful story rooted in resilience and gratitude. Fleeing the oppressive Vietnamese Communist regime in the late 1970s, Mr. Do's journey to the United States eventually found him settling in the Dayton area. Starting from humble beginnings, he

worked numerous odd jobs before saving enough money to pursue an engineering degree at the University of Dayton. After working for several engineering firms, he founded his own company, Advanced Engineering, and located it in Springboro. Deeply grateful to the American soldiers who fought for the freedom of his homeland, Mr. Do has long dreamed of creating a meaningful tribute to honor their sacrifice. Through this memorial, these veterans' courage and sacrifice will never be forgotten.

Your donation will help tell this very important story

This memorial will not only be a symbol of gratitude and remembrance but also a community effort that reflects our collective respect and admiration for those who have served. The Vietnam Veterans

Remembrance Memorial will be made possible through the donations of individuals, families and organizations, with contributions directly funding the construction, landscaping and maintenance of the memorial, ensuring that it serves as a dignified tribute for years to come.

The City is also working with Springboro Schools on a land exchange for a potential new school building on the site.

Roadway and Infrastructure Projects

Work on the streets in the **2024 Street Resurfacing Program** began in early September. Streets include Cambridge Drive, Clevenger Court, Clove Court, Concord Circle, Dinsley Place, Fairway Drive, Holly Court, Jackson Lane, Keevers Point, Martin Lane, McDaniels Lane, Merritt Pass, Null Boulevard, Wells Drive, Wilbur Lane and Wright Court. City Crews Ready for Snow

Springboro's Public Service Department is ready for winter! Our crews work to provide quality services so motorists can safely travel our roadways. So what is our process for clearing ice and snow?

1. Major arteries (St. Rt. 73, St. Rt. 741, Pennyroyal, Lytle-Five Points) are plowed first. We must keep roads clear for emergency vehicles, and conditions may require continued treatment.
2. Once major arteries are cleared, our crews move on to main streets and through subdivisions.
3. Residential streets, cul-de-sacs and courts will be serviced once the major arteries and main roads are cleared. Please help us by removing basketball hoops and parking your cars in the driveway. This allows the snowplows to better and more efficiently clean your streets so you can safely drive on them.

North Park Continues to Add New Amenities

Six new pickleball courts opened at the end of summer at North Park. Individuals, teams and leagues are enjoying the courts, located at the south end of the park. Earlier this year, the City cut the ribbon on the 30,000 sq. ft. Dayton Children's Playground, which has provided a place for all children to play. Next up for Springboro's busiest park is a new restroom building. Designed by Springhouse Architects in Springboro, the plan calls for tripling the number of stalls for both men's and women's restrooms and adding a family restroom. The current building, onsite for more than 30 years, is set to be demolished Oct. 1 with construction to follow. A restroom trailer will be onsite until Nov. 1. Depending on weather, an expected opening date is June 2025.

The new restroom building is made possible in part by \$300,000 in State funding, thanks to the support of State Representative Scott Lipps and State Senator Steve Wilson.

Keep Your Vehicle Safe

Springboro residents are fortunate to live in a safe community, however, crime can occur anywhere. Your Springboro Police work to stay ahead of criminals each day and reduce one of the most common crimes in the City — thefts from motor vehicles.

Whether you are parked in a lot all day or just a few minutes, or in your own neighborhood, don't make it easy for thieves to break into your vehicle. Take steps to prevent thefts from vehicles and thefts of vehicles.

- Lock your vehicle: The majority of stolen vehicles are unlocked.
- Park in a well-lit, high traffic area whenever you are away from home.
- Take your valuables with you, if you can. If not, hide them in a secure area like the trunk.
- Call the Springboro Police immediately if you witness a crime or something suspicious. If you see something, say something!

For crimes in progress, call 911. To report suspicious behavior, call 937-748-0611.

Trick or Treat Night is October 31

The Springboro Police Department reminds youngsters and parents of the following precautions:

DO: Carry a flashlight
Go in groups with at least one adult
Go to houses with the lights on
Make sure shoes fit and costumes are short enough to prevent tripping
Use common sense. If something feels wrong, it probably is
Dress for the weather. October brings cooler weather and sometimes windy and rainy conditions

DON'T: Wear masks or any costume that would interfere with vision or walking
Go into a home of someone you do not know
Eat any candy or other items until it has been checked over by an adult

Most area communities have agreed to hold the event on Oct. 31 for the next several years.
