A reduced pressure principle backflow prevention device is required on all irrigation systems. Prior to system operation, the backflow prevention device shall be tested and certified by a licensed plumber. A copy of the certification must be filed with the Springboro Service Department before inspection and approval. Please direct all questions to the Springboro Service Department at (937) 748-0020.

I hereby certify that all information provided is true and correct to the best of my knowledge. I further certify that the required backflow prevention device will be tested and a copy of the certification will be provided to the Springboro Service Department prior to inspection and system operation.
